AMENDMENT

SIR:

Responsive to the office action of January 22, 2003, please amend the above-identified application as follows:

IN THE SPECIFICATION:

Please replace the paragraph beginning at page 4, line 12, with the following rewritten paragraph:

Printing paper coated on one side is understood to mean those papers which are provided only for single-sided printing. These include, for example, label papers for bottles and can wrappers. In the same sense, printing papers coated on both sides are printed on both sides. These include, for example, magazine papers, as they are known, for illustrated magazines or catalogues,
